Wonderful discoveries in the world have usen made Among other things where Sauta Claus stayed Children oft ask if he makes goods or not, if really he I we in a mountain of snow.

Last year an excursion sailed clear to the Pole And suddenly gropped into what seemed like shole Where wonder of wonders they found a new land, While shiry-like beings appeared on each hand. There were mountains like ours, with more besultful green, and far brighter skies than ever were seen, Birds with the huse of a rainbow were found, While flowers of exquisite fragrance were growing around.

while howers of exquisite fragrance were grow-ing around.

Not long were they left to wonder in doubt
A being soon came they had heard much about,
Twas Santa Claur's soif and this they all eay,
He looked like the picturev esse every day.
He drove up a team that looked very queer,
Twas a team of grasshoppers instead of reindeer,
He rode in a shell instead of a sieigh,
But he took them on board and drove them away.

He showed them all over his wonderful realm,
And factories making goods for women and men
Furriers were working on hats great and small,
To Bunce's they said they were sending them all.
Aris Kingle, the Glove Maker, told them at once,
All our Gloves we are sending to Bunce,
Sauta showed them suspenders and many things milk, leaving them at the foot of the tree or hanging to a nelghboring one, until he has collected the milk from all the trees. Having done this he

Santa showed them suspenders and many things more.

Santa Claus then whispered a sacret be'd tell,
As in Omaha every one knew Bunce well,
He therefore should send his goods to his care,
Knowing his friends will get their full share.
